PERSONAL PROJECTS

Festival Shred

- Taking what I learned from React to recreate a previous ecommerce website done with Shopify. Fully functional cart, sign in/sign out, and implemented Stripe for payment method.
- Tools Used: React, Redux, SASS

Clear Web

- A mostly static informational website. Main takeaway from this project is learning how to use different packages with react. More focused on styling nuances such as using SVG file images and media query to have website mobile compatible.
- Tools Used: React, SCSS, Bootstrap

Crown Ecommerce

- Ecommerce website I made with the course 'Complete React Developer in 2022 (w/ Redux, Hooks, GraphQL)'. Created a functional cart, sign in/sign out, and implemented Stripe for payment method
- Tools Used: React, Redux, SASS
